

To speed up syncing your iPhone or iPad calendar with your GAE calendar, you can choose how far back the phone will look for events.

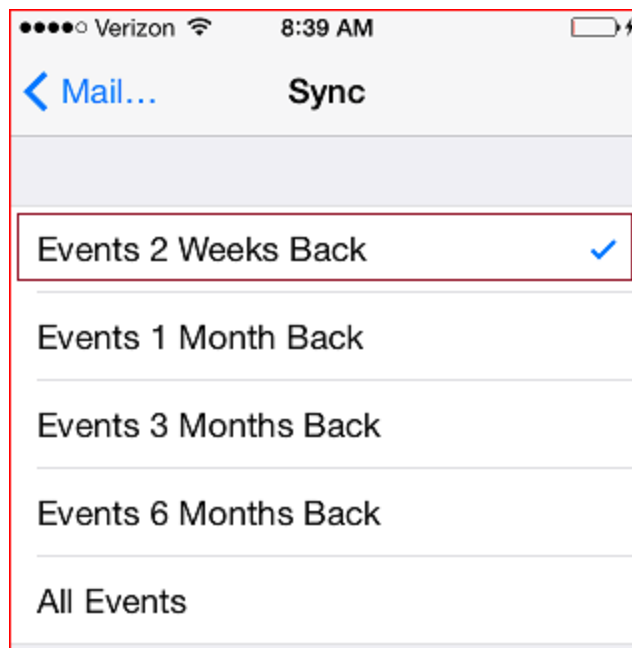

- Click **Settings**
- Select **Mail, Contacts, Calendars**

- Scroll down to the Calendars section and select **Sync**

- Choose something logical, like **Events 2 Weeks Back** (if you choose All Events it will Sync back to 2008)

- Click **Mail** and then the **Home** button to save.
